

# Introducing HSBC Global Wallet

## A multi-currency account solution from HSBC

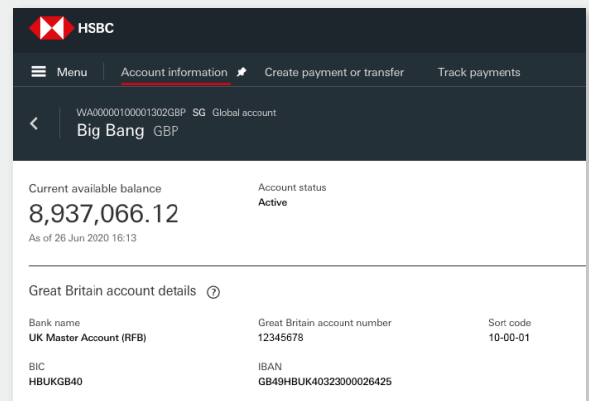

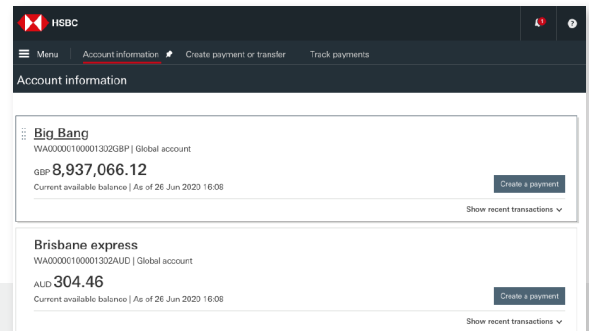

Imagine transacting with your overseas customers and suppliers without the hassle of opening foreign currency accounts internationally and incurring unpredictable wire transfer fees. Our HSBC Global Wallet, accessible via HSBCnet, allows you to manage the supported currencies you use in one place, giving you confidence to do business internationally.

### By using HSBC Global Wallet you can:

- More easily grow, pay and collect internationally:
  - Control key currencies from a single platform
  - Manage nine different currency accounts right within HSBCnet
- Add funds to your HSBC Global Wallet directly from your USD account, or transfer between currency wallets

### Benefits: Save time and money

- Pay and collect from your international suppliers and customers in their local currency using local account details \*
- Minimize time-consuming and costly international account opening processes
- Reduce average clearing time
- Transparent foreign exchange rates
- Minimize transaction fees and make fewer foreign exchanges
- Simplify payment reconciliation
- Be confident that the full value of your payments arrives unchanged due to the elimination of unknown cross-border and foreign-exchange fees\*\*

### Your Relationship Team can help you get started.

\* Functionality by currency may vary. \*\* When paying to the country associated with the currency account.
